

Fresh. Local. Organic

CENTRAL MAINE'S FINEST FARMSTORE

Located in the heart of the Belgrade Lakes Region in Belgrade, Maine, Winterberry Farm is a small, diversified organic farm set on forty acres of open fields, pastures and woodland.

Only fifteen minutes from Augusta and Waterville, it boasts an 1870's Victorian farmhouse, a shaker-built barn, lush gardens, and a farmstore where we sell some of Maine's finest all-natural and organic foods.

Built in 2005, our country farmstore is a destination for locals and tourists alike. Walk inside and smell chocolate chip cookies, warm bread from the oven, or the sweet perfume of fresh cut flowers.

Characterized by cedar shake siding, wood floors and rustic decor, the farmstore was designed to give our customers a fresh look at life on a farm.

Sit at one of our café tables and watch the sheep graze as you enjoy a delicious blueberry pie from our kitchen, or just stop by for a quick visit. We always love the company.
